Job Description

About Dexcom

Founded in 1999, Dexcom, Inc. (NASDAQ: DXCM), develops and markets Continuous Glucose Monitoring (CGM) systems for ambulatory use by people with diabetes and by healthcare providers for the treatment of people with diabetes. The company is the leader in transforming diabetes care and management by providing CGM technology to help patients and healthcare professionals better manage diabetes. Since the company's inception, Dexcom has focused on better outcomes for patients, caregivers, and clinicians by delivering solutions that are best in class - while empowering the community to take control of diabetes. Dexcom reported full-year 2022 revenues of \$2.9B, a growth of 18% over 2021. Headquartered in San Diego, California, with additional offices in the Americas, Europe, and Asia Pacific, the company employs over 8,000 people worldwide.

Meet the team:

Are you excited about the potential of technology to transform the lives of people with diabetes? Join our dedicated and forward-thinking engineering team at Dexcom – a leading company committed to revolutionizing diabetes management. We're on a mission to empower healthcare professionals and individuals with diabetes and improve health and quality of life.

Where you come in:

- You participate in end-to-end development, including coding, testing, debugging, and deployments
- You collaborate with testers, designers, and our product owner
- You evaluate the tradeoffs of technical choices, and participate in decision making
- You participate in daily stand-ups, and biweekly retrospectives
- You explore & grow in our weekly Learning Labs
- You embrace developer autonomy in our biweekly hackathons
- You improve the lives of people with diabetes across the globe
- You empower doctors and patients through your work on Dexcom Clarity

What makes you successful:

- You have and a desire to learn the key parts of our tech stack: Typescript, Node, Go, Ruby, Scala, Postgres, Redis, Kubernetes.
- You prefer working in a collaborative, highly communicative, team environment
- You're excited to make iterative improvements to our product every day
- You are eager to learn and love to stay up to date with the latest technology
- You're comfortable asking for help to solve tough problems
- You believe that good testing is critical to creating good software
- You are comfortable supporting and coaching others

What you'll get:

- A front row seat to life changing CGM technology. Learn about our brave #dexcomwarriors community.
- A full and comprehensive benefits program.
- Growth opportunities on a global scale.
- Access to career development through in-house learning programs and/or qualified tuition reimbursement.
- An exciting and innovative, industry-leading organization committed to our employees, customers, and the communities we serve.

Travel Required:

- 0-5%

Experience and Education

- Typically requires a Bachelors degree in a technical discipline, and a minimum of 2-5 years related experience or Masters degree and 0-2 years equivalent experience.

Remote Workplace: Your location will be a home office; you are not required to live within commuting distance of your assigned Dexcom site (typically 75 miles/120km). *If you reside within commuting distance*

of a Dexcom site (typically 75 miles/120km) a hybrid working environment may be available. Ask about our Flex workplace option.

Please note: The information contained herein is not intended to be an all-inclusive list of the duties and responsibilities of the job, nor are they intended to be an all-inclusive list of the skills and abilities required to do the job. Management may, at its discretion, assign or reassign duties and responsibilities to this job at any time. The duties and responsibilities in this job description may be subject to change at any time due to reasonable accommodation or other reasons. Reasonable accommodations may be made to enable individuals with disabilities to perform essential functions.

An Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, national origin, or protected veteran status and will not be discriminated against on the basis of disability. Dexcom's AAP may be viewed upon request by contacting Talent Acquisition at talentacquisition@dexcom.com.

If you are an individual with a disability and would like to request a reasonable accommodation as part of the employment selection process, please contact Dexcom Talent Acquisition at talentacquisition@dexcom.com.
