# Software Engineer II, Backend (Checkout)

at Affirm

Remote US

Affirm is reinventing credit to make it more honest and friendly, giving consumers the flexibility to buy now and pay later without any hidden fees or compounding interest.

Your role will be instrumental in designing the next generation of Affirm's Checkout Platform to provide a world-class buying experience that puts customers first! We are seeking a Backend Software Engineer to build out financial products and features providing new levels of accessibility and flexibility to our users. You will work in a fast-paced team environment, designing and implementing new API's and microservice interfaces to manage every users' transaction with Affirm. You will also use your technical skillset to find opportunities to improve the performance and reliability of the systems that drive the user journey through purchasing with Affirm. Come join us as we build a beloved, lasting financial services brand predicated on honesty and trust. It's going to be an amazing ride!

## What you'll do

- Work with technical leaders in the team to design and implement insightful forward-looking approaches that go beyond the direct team and solve large open-ended problems
- Actively own components of checkout systems and define their long-term health, while also improving the health of surrounding systems
- Collaborate with engineers within our team and across the organization to build the next generation of the checkout platform
- Learn and improve engineering standards, tooling, and processes across the checkout platform

## What we look for

- 1- 3 years of software engineering experience
- Familiarity with Python, AWS, RPC, Redis, MySQL and Github
- Experience with payment systems
- Prior experience building, launching and maintaining consumer scale products
- Strong cross-team communication and collaboration skills
- Experienced at synthesizing complex business, product, and technical requirements to consistently produce high quality system designs and software
- Experience scaling systems in a service oriented architecture preferred but not required

## In addition, we look for

- **Take Ownership.** You enjoy working with product and engineering leaders to develop detailed project definitions, and drive technical decisions within your team

[Privacy](#) - [Terms](#)

- **Execute.** You have a proven track record of developing, testing, and shipping high-quality software at scale
- **Collaborate.** You communicate clearly both verbally and in writing. If anything, you trend towards over-communication
- **Build Teams.** You grow with engineers around you through sharing your learnings and providing feedback to your peers that will help the team grow

**Customer-centric mentality.** You are empathetic to the user experience and thoughtful about what we can do to make it better

### Demographic Questions & Categorizations

**Affirm is dedicated to building a diverse team and an inclusive culture. We believe that it's crucial to Affirm's long-term success to create an environment where all Affirmers feel like they belong and have an equal opportunity to succeed.**

**For this reason, we are asking candidates to voluntarily self-identify through a few demographic questions. Our purpose in collecting this information is to help us assess our outreach efforts and diversity representation goals. Your responses will not be linked to your identity or your application, and neither recruiters nor hiring managers can see this information at an individual level. Your responses are stored in the aggregate and will not play any role in our hiring decision. Your decision to participate or not participate in this survey will have no impact on your candidacy at Affirm.**

Are you Hispanic/Latino?

### Race & Ethnicity Definitions

If you believe you belong to any of the categories of protected veterans listed below, please indicate by making the appropriate selection. As a government contractor subject to the Vietnam Era Veterans Readjustment Assistance Act (VEVRAA), we request this information in order to measure the effectiveness of the outreach and positive recruitment efforts we undertake pursuant to VEVRAA. Classification of protected categories is as follows:

A "disabled veteran" is one of the following: a veteran of the U.S. military, ground, naval or air service who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or a person who was discharged or released from active duty because of a service-connected disability.

A "recently separated veteran" means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. military, ground, naval, or air service.

An "active duty wartime or campaign badge veteran" means a veteran who served on active duty in the U.S. military, ground, naval or air service during a war, or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.

An "Armed forces service medal veteran" means a veteran who, while serving on active duty in the U.S. military, ground, naval or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985.

OMB Control Number 1250-0005  
Expires 04/30/2026

### Why are you being asked to complete this form?

We are a federal contractor or subcontractor. The law requires us to provide equal employment opportunity to qualified people with disabilities. We have a goal of having at least 7% of our workers as people with disabilities. The law says we must measure our progress towards this goal. To do this, we must ask applicants and employees if they have a disability or have ever had one. People can become disabled, so we need to ask this question at least every five years.

Completing this form is voluntary, and we hope that you will choose to do so. Your answer is confidential. No one who makes hiring decisions will see it. Your decision to complete the form and your answer will not harm you in any way. If you want to learn more about the law or this form, visit the U.S. Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) website at [www.dol.gov/ofccp](http://www.dol.gov/ofccp).

### How do you know if you have a disability?

A disability is a condition that substantially limits one or more of your "major life activities." If you have or have ever had such a condition, you are a person with a disability. **Disabilities**

**include, but are not limited to:**

- Alcohol or other substance use disorder (not currently using drugs illegally)
- Autoimmune disorder, for example, lupus, fibromyalgia, rheumatoid arthritis, HIV/AIDS
- Blind or low vision
- Cancer (past or present)
- Cardiovascular or heart disease
- Celiac disease
- Cerebral palsy
- Deaf or serious difficulty hearing
- Diabetes
- Disfigurement, for example, disfigurement caused by burns, wounds, accidents, or congenital disorders
- Epilepsy or other seizure disorder
- Gastrointestinal disorders, for example, Crohn's Disease, irritable bowel syndrome
- Intellectual or developmental disability
- Mental health conditions, for example, depression, bipolar disorder, anxiety disorder, schizophrenia, PTSD
- Missing limbs or partially missing limbs
- Mobility impairment, benefiting from the use of a wheelchair, scooter, walker, leg brace(s) and/or other supports
- Nervous system condition, for example, migraine headaches, Parkinson's disease, multiple sclerosis (MS)
- Neurodivergence, for example, attention-deficit/hyperactivity disorder (ADHD), autism spectrum disorder, dyslexia, dyspraxia, other learning disabilities
