Summary

Posted: **Dec 5, 2023**
Weekly Hours: **40**
Role Number:**200524917**

The CoreMedia Performance Engineering team at Apple is seeking a talented software engineer who is passionate about performance and has a keen eye for detail. As a member of our team, you will have the unique opportunity to work on enhancing media experience for the world's most celebrated operating systems, including iOS, iPadOS, macOS, watchOS, tvOS and VisionOS.

Key Qualifications

- Programming skills in Python, C, Objective-C or Swift

- Good understanding of OS concepts, including memory management, multi-threading

- Experience with performance analysis and optimization.

- Familiarity with performance testing frameworks and tools.

- Excellent problem-solving and debugging skills.

- Strong written and verbal communication skills.

Description

As a software engineer on the CoreMedia Performance Engineering team, you will be responsible for monitoring and improving the performance of key components of Apple's operating systems, including media playback, export, and editing. You will collaborate with cross-functional teams to identify and resolve performance issues, and develop and maintain performance testing frameworks and tools. In addition, you will analyze performance data and provide recommendations for optimization, staying up-to-date with the latest performance optimization techniques and technologies.

This is a unique opportunity to work on cutting-edge technology and make a significant impact on the performance of Apple's products. If you are passionate about performance and want to work on some of the world's most innovative products, we encourage you to apply.

Education & Experience

BS or MS in Computer Science or equivalent.

Pay & Benefits

At Apple, base pay is one part of our total compensation package and is determined within a range. This provides the opportunity to progress as you grow and develop within a role. The base pay range for this role is between $131,500 and $243,300, and your base pay will depend on your skills, qualifications, experience, and location.

Apple employees also have the opportunity to become an Apple shareholder through participation in Apple's discretionary employee stock programs. Apple employees are eligible for discretionary restricted stock unit awards, and can purchase Apple stock at a discount if voluntarily participating in Apple's Employee Stock Purchase Plan. You'll also receive benefits including: Comprehensive medical and dental coverage, retirement benefits, a range of discounted products and free services, and for formal education related to advancing your career at Apple, reimbursement for certain educational expenses — including tuition. Additionally, this role might be eligible for discretionary bonuses or commission payments as well as relocation. Learn more about Apple Benefits.

Note: Apple benefit, compensation and employee stock programs are subject to eligibility requirements and other terms of the applicable plan or program.
